### **Summer Reading Challenge**

Research shows that students who read for pleasure during the summer avoid the “summer slide” (the loss of academic skills over vacation) and perform better when they get back to school than those who don’t read. Plus, it’s fun — and it will help turn your student into a lifelong reader. That’s why your student’s only assignment this summer is to read for the fun of it. They have the option of filling out an online 2-minute book review found [here](#). Students that read 6 or more books over the summer will be invited to a celebration of readers in the fall.

If your student wants to earn prizes for their reading efforts, the Denver Public Library also has their annual summer of reading program for ages birth through 12th grade that begins June 1st. Click [here](#) for more information.

**WEEK IN REVIEW**

### **6th & 7th Grade YMCA Trips a Huge Success!**

Our 6th & 7th graders started their summer in the mountains! Students had a great time doing archery, climbing wall, tie-dying t-shirts, making survival bracelets, learning how to build a shelter, hiking through Rocky Mountain National Park, and much more. A huge thank you to all our staff and parent chaperones for making this possible! Click [here](#) to see more pictures of this fun week!
