Student Technology Contract

The use of computers and other technology at McAuliffe International School is a privilege with responsibility.

• It is each student's responsibility to check their assigned technology equipment before and after use and to report problems to the teacher immediately.
• Students should only use their assigned technology equipment unless directed by their teacher.
• Do not attempt to modify the appearance or operation of any technology equipment. This includes, but is not limited to, commands, copying or installing software, setting passcode locks or copying files of any type. Each one should remain in its original or teacher-set configuration.
• Tampering with or vandalizing hardware, software, or data will not be tolerated.
• Students will only use applications, software and programs required to complete assignments/projects and only those that have been approved by the teacher of the current class.
• Students should not use personal or school equipment to play online or video games.
• A student using the Internet may visit only teacher-approved sites. Game sites are not allowed.
• No websites, software, apps or media should be printed, shared, E-mailed or downloaded without teacher approval.
• Students may use personal headphones or use school headphones only when instructor of current class approves use.
• No food or drink is allowed near any technology at McAuliffe.

I understand that if I violate any of the rules stated above or perform any other disruptive technology-related actions I will be subject to loss of technology privileges, and may be subject to further administrative discipline actions.

I also understand that I may be financially responsible for the repair or replacement of stolen or abused hardware or materials.
