

Cell Phone Policy

I understand that McAuliffe International School has the right to confiscate my student's cell phone, electronic device or headphones/earbuds if they is not being used at the appropriate time (a quick check during lunch), in the appropriate location (in their backpack), or in the appropriate manner. I am willing to abide by the following policy and consequences. For a first offense, I will need to come to school to retrieve my student's confiscated device. For a second offense, my student's device could be kept by McAuliffe until the end of the school year.

McAuliffe International School accepts no responsibility for personal electronic devices lost or stolen on school property. Students who choose to carry such devices do so at their own risk.
